8 (jumbo taxi)	5,000 yen

## What's so special about this tour?

**Koganotaki Fall** is a symbol of winter in Aso. In the coldest season, the cold wind blowing from the Aso Valley creates a powerful icfall. The delicate and beautiful "ice flowers" that form when splashes of water freeze are works of art created by ice. You will be captivated by the mystical sight that unfolds before your eyes. Every Saturday from mid-January to the end of February, from 6:00 p.m. to 8:00 p.m., Koganotaki Fall is lit up, offering a fantastic view of the falls that is different from that of the daytime. In this tour, our fun and friendly English-speaking guide will take you to Koganotaki Fall and share geological and local stories with you!

**Includes** : Private taxi, Travel insurance, Fun and friendly English-speaking guide 🤗

**Excludes** : Food / Drinks

No tour conductor will accompany the tour. For further details, visit our website and ask us anything!

## Note

- Please understand that there is no guarantee that you will be able to see Koganotaki Fall frozen, as it depends on the weather.
- The path to the falls may be icy, so please wear comfortable clothing and shoes.
